The property features a 200m² house, which can be renovated or improved according to the buyer's needs. Another excellent option would be to build a new villa, utilizing up to 33% of the land. This approach has already been successfully executed by other neighbors in the area, highlighting the investment potential of this property. Among its main features are a private swimming pool, perfect for enjoying the excellent local climate, and a garden with fruit trees, adding a natural and welcoming touch to the space.
